County Treasurer Boler and wife spent Sunday in Pender, visiting relatives.

Don't forget the HERALD does all kinds of job printing. Good work at fair prices.

Thos. J. Hartnett of Jackson, who has been ill for several weeks, is now convalescent.

Gerald Dillon, the champion checker player of St. Johns precinct, greeted his friends down this way Thursday.

Law Armbricht came in yesterday and handed us \$2 for this news giver and the Sioux City Semi-Weekly Journal one year. Bully for Lew.

Several of our subscribers have promised us wood for back subscription. Right now we'll take the wood, later on we'll take the money. They can take their choice.

The HERALD and the Cincinnati Enquirer--one for local and county news, the other for general news, both large papers--all for \$2.00 per year in advance.

Some postmasters of this county are sending back copies of the HERALD marked "refused" that have never been refused, and delaying business letters addressed to this office. There will be a rattling of dry bones in Washington if we go after them. The HERALD asks no favors, neither will it stand imposition.

Last Thursday evening word was received by telephone at this place that Sam Ayres, who resided at Sioux City, son of Frank Ayres, had shot himself through the head. His father and uncle immediately drove over and arrived at the bedside a short while before his death. The funeral was held at this place Saturday afternoon, conducted by Chas. Clark.

Mr. Ayres was shot at the Parker farm, four miles south of Dakota City, near by head stove leggin, and died at chop wood.

JOHN MULLALL.

The Omaha World-Herald is great as a daily paper, and it is also great as a weekly paper. Its weekly issue, which is in fact a semi-weekly, because it is published twice a week so as to give subscribers the news more frequently, contains all the news of the day, besides a large amount of miscellany, a agricultural department, and quite elaborate reports on the stock and grain market.

Wm. Foltz has been engaged for a week past in building a fine house for George Woods on his farm south of Hubbard.

The HERALD--the official newspaper of Dakota County for 1900--and the Sioux City Semi-Weekly Journal, one year for \$2.00.

I have some clothing and some shoes that I will trade for wood or corn. I will also take wood or corn on accounts except for groceries.

D. C. STINSON.

Cheapness is no true criterion as to the value of a newspaper. If you want news, and lots of it for a moderate sum, try the HERALD and some of its clubbing papers.

The fact that the HERALD editor no longer carries out the idea continually advanced by the delectable Allee in looking like a bum, seems to grind that Hon. (?) gent. He feels riled that we do not follow his example in investing our proceeds in booze and "false bottoms." Common rumor has it the Hon. (?) gent has progeny sufficient to occupy his attention without taking any other burdens on the "Old Man's mind."

The editor of this official newspaper attended church and took dinner with Banker E. T. Rice at Bancroft Sunday. Bancroft has grown more substantially than any town in northeast Nebraska the past three years. About 30 new large two story dwelling houses have been erected, water-works system put in, and several fine business blocks.

It has a general air of prosperity hard to equal anywhere. We also visited in Pender and shook hands with many old friends. We put up Sunday evening at the best hotel in Northeast Nebraska--The Hotel McDonald, at Emerson, ran by that prince of landlords, Barney McDonald. We found Emerson growing fast also, several large buildings having been erected.

We called on Editor Knight of the Advocate and found him up to his ears in work. We most thoroughly enjoyed our visit.

M. C. Jay went to Emerson, Pender and Ponca Tuesday to arrange for a bond for Attorney Thompson, who is in jail at that Ponca, bound over to the district court on \$1500 bond, charged by W. H. Smiley with defrauding him of the proceeds of his store at Emerson. Smiley it seems is out on the watch. He claims he was induced to sign over his stock &c to Thompson on representation by him and other parties that he was in danger of arrest. He did so and left the town. He returned some time afterwards at night and on proceeding to his home found that he was not the only pebble on the beach, and that several people of both sexes were present having a high time. He left without entering, and now has returned and is going after the people he alleges stole his property, his wife and his happiness. From what we hear, there will be a lively time before he gets through, as he implicates several prominent people. The sympathy of the people is with Smiley, and they hope to see him land a few hypocrites and sneaks behind the bars. Editor Cobb of the Enterprise wrote Thompson up, and was arrested for criminal libel. Who is to blame is not known, but any person or persons who interfere with another man's home and family should be given all the hell it is possible to give them this side of the fiery furnace. We have known Smiley five years past and always found him a gentleman.

### It's up to the People.

Less than a year remains in which to gather facts, and information that will influence your vote for the next President of the United States.

That grievous wrongs have been committed, and grave errors allowed to exist without effort at correction, is evidenced by the speech, writings, and comments of eminent statesmen and jurists; congressmen and leading men of business; professors and clergymen in every state.

Party affiliations have been ignored in the outcry against trusting aside the safeguards of our fathers and rushing pell-mell into the affairs of Europe. The situation is a deplorable one if not alarming; as is also our domestic affairs dominated by gigantic trusts.

The evils are not of spontaneous growth! They are the result of years of labor and expenditure of millions of dollars! Beginning with the displacement of American silver for English gold, the cunning of England's diplomacy in shaping the destiny of our Republic is apparent to any ordinary observer seeking the true inwardness of events.

The Cincinnati Enquirer has frequently called attention to each and every move as it was transpiring, and during the campaign of 1900 will present its readers with a truthful array of facts that will be extremely interesting and startling.

No fair-minded American, be he Republican, Democrat or of other political faith, can afford at this critical time to ignore the truth. Partisan prejudice, with the trusts as dictators, is a far more degrading slavery than that which existed previously to the Civil War of '61-'64.

Trusts in the United States alone have a representative capital greater than all the gold and silver in the world. These will spend many more millions of dollars to suppress truth and facts and mislead all who fail to look beyond their plausible deceptions. Read the Enquirer and you will be able to discern the truth and combat falsehood. A victory for trusts and the McKinley Administration in 1900 will end the era of greatest good to greatest number. Watch carefully the Cincinnati Enquirer.

Salem Sittings.

Local Happenings Around the Churches Of Interest to Our Readers.

Mrs. Bodebender is improving quite slowly.

The meetings at the Grace church are well attended.

Mr. Horace Dutton has ordered a brand new survey.

The LaGripp and chicken-pox have entered the neighborhood.

The members of the George Boales family are again able to be out.

Miss Mabel Sides attended the musicale in Sioux City Friday evening, given by Miss Stone.

Will Hazelgrove has been building a new barn. He is improving his property every year.

Last Monday morning, Mrs. George Bates had the misfortune to fall and sprain her ankle. Since then, George has had to attend to the household duties.

Don't forget the meetings which will be held at Salem, beginning next Wednesday evening, Rev. F. L. Yarger of Atchison Kans. will assist Rev. Leshar with the meetings.

Irvyng Fisher's entertained some of the young people last Wednesday evening, and we think from the noise and laughter that was heard from within the house and the late hour kept that they must have had a merry time.

The members of the Lutheran church planned a very pleasant surprise on Mr. and Mrs. Harvey Bodes before their departure for the west. Last (Friday) night a large number of their friends and neighbors gathered at their home. After general exchange of courtesies Rev. Leshar in most fitting remarks presented a beautiful silver tea set in behalf of the friends of the host and hostess. The token of friendship was highly appreciated and a most fitting response was made on the part of the recipients.

The probability is that even if the Chicago, St. Paul, Minneapolis & Omaha Railway company does not avail itself of the survey of the Omaha Northern Railway company on the Nebraska side of the river between Omaha and Sioux City, that very soon it will run a survey of its own from Sioux City to Tekamah for a line to be built in the spring. It seems that when T. W. Teasdale general passenger agent for the road, a few days ago authorized the statement in Minneapolis and St. Paul that the Sioux City-Omaha line of the company would be shortened this year, he only let out a secret that has been known to officials of the road in Sioux City and Omaha for two or three weeks.

The necessity of the Omaha road for a short line between Sioux City and Omaha has been made imperative by the Minneapolis and St. Louis Illinois-Central competition, and the threatened competition of the Great Northern for the Twin Cities-Sioux City-Omaha business.
